## SKILLS

- **Languages:** C++, JavaScript, Java, Python
- **Frameworks:** HTML and CSS, Bootstrap, NodeJS, React
- **Tools/Platforms:** MySQL, MongoDB, VS Code, Github
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

## INTERNSHIP

### AICTE – Microsoft Future Ready Talent Program

11 June 2025 - 15 July 2025

- **About:** Completed a 4-week intensive virtual internship focused on cloud computing, AI integration, and modern web development using Microsoft Azure services.
- Built a capstone project based on real-world problem statements using MERN stack and Azure tools.
- Implemented secure user authentication and data handling in the project, showcasing cloud deployment and responsive design principles.
- Gained hands-on experience with Azure App Services, Azure Cognitive Services, and responsible AI practices, emphasizing ethical AI implementation.
- Learned Git, DevOps pipelines, and collaboration tools used in modern tech teams, improving my industry readiness
- **Tech:** Python, Azure, MERN, Cloud services,

### Code Alpha

AI Intern

- **About:** Integrated AI models into web applications for automation and optimization. Worked on data preprocessing, model training, and API development.
- **Tech:** Python, TensorFlow, OpenAI API, Flask, React.js

## PROJECTS

- **FitLife – Gym & Health Web Application:** May 2025  
Developed a responsive and interactive fitness website focused on gym and health-related content. MongoDB as database, and made use of NodeJs for backend development. Developed APIs to form a smooth interface between database and the platform.  
**Tech:** HTML, CSS, JavaScript, React .js, MongoDB, Node.js
- **MoviesMosaic - Web application to explore movies:** July 2025  
Developed MoviesMosaic using Django, a web application that allows users to explore movies, submit reviews, and provide rankings. The platform includes user authentication, dynamic content management, and an intuitive interface. This project enhanced my experience in full-stack development, working with Django's robust framework, managing relational databases, and designing user-centric applications with a focus on scalability and performance.  
**Tech:** Python, Django, HTML, CSS, Javascript

## CERTIFICATES

- C/C++ by Samyak IT solutions
- Sql by HacksRank
- Networking Basics by Cisco
- Java by Vtech Integrated solutions
- Python by Infosys

## ACHIEVEMENTS

- **Debate Competition:**  
Participated in various college-level debate competitions, which helped build strong communication and critical thinking skills.
- **Sports**  
National & Renowned shot in shooting

## EDUCATION

- **Lovely Professional University** Punjab, India  
Masters of Computer Applications **CGPA: 7.9** Since August 2024
- **University Of Rajasthan** Jaipur, Rajasthan  
Bacholrs of Computer Applications **CGPA: 7.2** July 2021 - June 2024
